**Superintendent's Recommendations / Comments:** Superintendent Hastings reported that the 3<sup>rd</sup> Grade FCAT scores had been received and that the Grades 4-10 and the Writing Scores would be coming in next week. He said School Grades for Elementary and Middle Schools should be in within a couple weeks, but High School Grades would not be in until mid-November. He told the Board that Governor Crist had cut funding for the new CFC Campus in Chiefland. Mr. Hastings also explained

that the new positions being created that were on the consent agenda for Board Approval were positions that would be paid from money allotted to fund the positions, not general fund dollars. Rick Turner commented that since the positions would be paid from “categorical money”, he would ask that Administration work diligently to find the money to give raises to employees in the 2010-2011 school year. Mr. Hastings shared that the memorandum of understanding for Race to the Top Phase 2 money had been submitted, signed by the Board Chair and himself only. He said the Union refused to sign unless he signed their local MOU. He said the Phase 2 MOU had been endorsed by a committee which included the President of the Florida Education Association and he did not understand why the union would not accept it. Beth Roach, Union President, said from the audience that a lack of collaboration between the School Board and the Union was the reason the Union would not allow her to sign the MOU.

There being no further business to come before the board, the meeting was adjourned.
