

CHAPTER 9.00 - TRANSPORTATION SERVICES

9.04* - Bus Emergency Evacuation Drills

POLICY:

Each school principal or designee shall instruct bus drivers serving his/her school in the procedures to be followed while conducting a bus emergency evacuation drill. Initial instruction for bus drivers shall be provided during the first twenty (20) days of school for students, and the second period of instruction shall occur during the first two (2) weeks of the second semester.

- (1) The principal shall inform the bus drivers by written notice as to the day on which any practice emergency evacuation drill is to be conducted. The bus driver shall hold the drill as directed, and the principal shall record the process.
- (2) A practice emergency evacuation drill shall be held at a point in which the least possible danger exists from traffic.
- (3) Any bus driver serving more than one (1) school shall report for instruction to the school as determined by the principals.
- (4) The record of the drill shall be filed in the principal's office and the appropriate District office.
