b) Budget Amendments #1-A and #1-B

<u>Superintendent's Comments:</u> Mr. Hastings commented on the work load of school faculties, stating the DOE requirements due to differentiated accountability has tripled the amount of reports due. He also said statewide the DOE has struggled with bandwidth issues for FAIR testing, even staggering the districts so all districts won't be on-line at the same time. He said it's been frustrating for students who start the test, then are timed out or knocked off because of bandwidth unavailability, and by the 3rd try, students are not performing at their best. He said the State is working on finding solutions to the problems and is working out the kinks in the new system of testing.

There being no further business, the Board adjourned and went into executive session for the purpose of collective bargaining discussion.

ATTEST:

APPROVED:

Robert O. Hastings, Secretary

Frank Etheridge, Chairman
